There is nothing like common sense is not to be acquired in the schools; and it is quite difficult to get a good definition of it. Only the person who constantly does right can be written down as wise. Wisdom, like Bre'r Rafbit, spends a good deal of time "laying low!" Wisdom is constantly whispering to us: "Bon't fall in love with womself." Be considerate for those who err!" "Don't be a Hog!" Don't be so plous you hold your neighbors in low esteem, or so mean that you think everybody on earth is crooked." When wisdom reighs common sense can take a vacation and the millennium will have dawned.
